

Locke Lane Management Commitment to Health & Safety

We are committed to providing you with a safe and healthy environment while you are our guest, whether it is protective measures against new contagions such as the Coronavirus (COVID-19) or the Flu or Common Cold.

Precautionary steps that we have taken to try to keep us all healthy.

- In addition to our normal cleaning and sanitation, we will be devoting additional time to making sure that bathrooms, showers, arcades and other common areas are all kept in sanitary condition and that all surfaces are disinfected regularly.
- Self-Check-In options are available for customers who have paid their balances in full (call twelve hours in advance to arrange for this service).
- Free Delivery Service for firewood or ice (does not apply to ice cream). Call your reservations specialist or the camp store.
- Locke Lane Management will waive change fees and cancellation fees for daily or weekly reservations that need to be rescheduled due to health reasons (24 hour advance notice required).

Go Outside! Stay Healthy!

[5 Ways Camping can Improve Your Health](#)

- **Fresh air can help fight off disease.**
- **Simply just looking at trees reduces blood pressure.**
- **Spending time in nature can help you focus.**
- **You can recover faster from a surgery or illness with a green view.**
- **Camping improves your mood!**

It's true – according to the [New York State Department of Environmental Conservation](#), studies have shown that simply being outdoors can help boost your immune system, lower blood pressure, help reduce stress and improve your mood.

Thanks to Gayle and Eddy Bennett at Tall Pines Campground & River Adventures in Bainbridge, NY for sharing this great information.
